

Google Earth

- Nation, State, City, Community
- TEKS:1.5B

- Students will look at slides 2-5 and identify the places from Google Earth as country, state, city or neighborhood. Go to slides 6-9 and drag the correct answer up to complete the phrase.
- Delete slide 1.
- Print as handout, 4 per page. Cut flaps around the Google Earth pictures on page 1. Layer page one over page 2 to make a flip book.
